Highly respected among the underground Hip Hop elite, APOSTLE is the former lead vocalist for the Bay Area's Heavyweight Dub Champion. Known for delivering a potent lyrical message laced with ancient spiritual teachings of mysticism and contemporary social awareness, APOSTLE Draws on his grassroots activism background as the founder and director of Colorado Hip Hop Coalition, which under his direction, served over 8,000 youth in his home state of Colorado through Hip Hop after school programs, and assemblies. Currently, APOSTLE teaches poetry classes for Youth Speaks, a national literacy program.

After surviving a near fatal accident on New Year's Eve, APOSTLE has found a new appreciation for his life's purpose. Fans of KRS-ONE, Mos Def, Immortal Technique, and other socially conscious artists will appreciate APOSTLE's vocal distinction, wordplay and content.
